FRIDAY, February, 25, 1898.

The probability of war is becoming extremely grave, and fears are entertained in Washington that the strained relations with Spain will result in open rupture in a short time. The navy is being mobilized in Cuban waters; great quantities of projectiles and powder are being turned out, and orders for the completion of vessels under way and under repair are rushed. Men are enlisting in the navy fast as they can be examined. Forts are being garrisoned, and while the Washington officials will not admit it, there seems to be a strong probability that immediate action is contemplated. It is our opinion that the Government only organized the "Court of Inquiry" in order to save time enough to get in fighting shape and that in less than ten days hostilities will be declared against Spain.

It would be a wise move if the Spanish war ship now lying at New York would weigh anchor and leave for other ports. While no true American would harm the vessel yet some crank or Cuban extremist will possibly blow up the boat if she remains there. Then we would be in a sweet mess. Spain would have us where we now have them—in the middle of an embarrassing position. If Uncle Sam would only whisper a word of caution into the ear of the Spaniard she will surely get away. She has no business up there anyway.

SAM JONES has announced himself a candidate for governor of Georgia, declaring he has been urged to run by thousands of voters. Mr. Jones has been doing a great deal of good by reaching and preaching to a class of people other ministers can not get at. Some people say Mr. Jones is a blackguard and decent people should not go to hear him. If it does any good at all it is just that much more than is done by those who criticize him adversely.

There is an intense desire upon the part of Kentuckians to jump in and lick Spain as matters now stand, but just suppose it had been the battleship Kentucky which met the fate of the Maine. If such had been the case every mother's son in the grand old Commonwealth would have shouldered his rifle and cut through the country to get a shot at the Don.

RICHMOND'S fight to retain the revenue office it seems will prove fruitless. The good people up there held a meeting, whereupon, resolved and sent a vigorous note to headquarters only to receive the blunt reply, "Matter settled." This move will, we believe, set a bad precedent, as the office will now be pulled and hauled all over the district at the pleasure of each new collector.

The people of this country should be thankful that a cool, level-headed officer was in charge of the Maine. Had some sap-head been in charge the chances are he would have done or said something which would have this country in war to-day. Nearly all trouble is brought on by the loose jaws of some idiot who blows off his bazoo and never thinks.

A man who will bare his breast to the enemy's bullets for his country's sake should always be given the best of everything in the land, but to see the way some old vets are shoved aside to make room for the hot-tail element is enough to make a man think several times before leaving home, friends and business to take chances on being shot down.

THE RICHMOND PANTAGRAPH has been revived, with Messrs French Tipton and Milo Shanks at the helm. The Pantagraph is a hustler and will retain its place in the front ranks.

IN CASE OF WAR we believe enough volunteers would come to the front to whip Spain without it being necessary to draft a single man.

How to Find Out.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention Central Record, and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer. (3)

STATE ITEMS OF INTEREST.

A RESOLUTION

Favoring Cuban Independence Introduced in the Kentucky Legislature.
FRANKFORT, Ky., Feb. 18.—The following resolution was introduced in the Kentucky legislature Thursday and will be voted upon Friday.
Resolved, That it is now being waged by the Cuban patriots, for liberty, home and country, and whereas, the United States, for her kindly endeavor in trying to secure peace, autonomy for the insurgents, has been repeatedly insulted by the Spanish government to such an extent as to no longer be withstood, be it
Resolved, By the general assembly of the state of Kentucky, that Cuba is and of right should be free and independent and to secure that end immediate steps should be taken by our representatives in congress and senators to secure the liberty and restore peace and forever renounce the right of Spain to govern said island. Be it further
Resolved, That a copy of these resolutions be presented to our representatives and senators in congress that they may know that in the sense of the representatives of the commonwealth of Kentucky further delay is cowardly and the time for action has come.

BRECKENRIDGE'S BRAVERY.

The Dead English Saved Six Lives and Prevented an Explosion in the Magazine of the Texas.
LEXINGTON, Ky., Feb. 19.—The body of English Joseph Cabell Breckinridge arrived here Friday afternoon. Rev. Dr. Ratcliff, of Washington, and Rev. Dr. Fulton will conduct the services Saturday. State college cadets, under command of Capt. Swigert, U. S. A., will serve as a guard of honor and fire the farewell salute. Young Breckinridge had saved six people from death and had saved a vessel from explosion. When on the Texas and while in the turret the ammunition hoist gave way and the shot was falling into the powder. Cabell sprang to the rescue, and although his clothes were torn into shreds and his arm seriously injured he saved the ship and all on board from possible destruction by explosion.

The Election Bill.
FRANKFORT, Ky., Feb. 22.—The Goebel election bill and the outcome of it is the main topic of discussion. The opponents of the measure are still bitterly fighting it. It was rumored when ex-Senator Blackburn came here and did not go before the joint caucuses Friday night that it would cause a coolness between him and Goebel, but their friends say they are on the best of terms. The four legislative days of the coming week will be busy ones.

Border at Paducah.
PADUCAH, Ky., Feb. 22.—Tom Hannon, aged 40, shot and mortally wounded Will Hall, aged 25, Monday noon. They lived in the same house and quarreled about their wives. Hall drew an ax on Hannon and the latter got a double-barreled shotgun and shot him in the groin. Hannon, too drunk to escape, was arrested and jailed. Both were newcomers and mill men.

Not a Bill Signed.
FRANKFORT, Ky., Feb. 22.—Not a single bill has yet been acted upon by Gov. Bradley, and there are only eight or ten on his desk, though only three weeks of the session remain. During that time a great many measures can be passed through both houses, as probably 50 are now so far advanced as to be ready for the final action of the members.

Gate Cut Down.
NICHOLASVILLE, Ky., Feb. 22.—When the Nicholasville omnibus, which conveyed the guards to their stations on the Lexington and Danville turnpike Monday night, reached the gate kept by John Roberts, second from town, at 8:10 o'clock, they found the gate cut down, the pole, now practically a mass of splinters, cast to the roadside.

Fatally Wounded.
RICHMOND, Ky., Feb. 22.—At Mullin's tunnel, a few miles south of here, two L. & N. bridge carpenters, named Durbin and Redmond, became involved in a quarrel, when Durbin shot Redmond, inflicting a fatal wound. Durbin escaped.

Troops Ready.
LEXINGTON, Ky., Feb. 22.—Company E, state guards, has been in readiness here since Saturday night, awaiting orders from Frankfort to go to Jessamine or Boyle county to assist the turnpike police in guarding toll gates.

A Boy's Last Hunt.
DOVER, Ky., Feb. 22.—Stewart Cole aged 14 years, and a son of Rev. L. T. Cole, while hunting, probably fatally shot himself. The gunshot wound tore his left leg nearly off. C. & O. section men carried the boy home.

Streams Clogged With Logs.
CREECH, Ky., Feb. 22.—The lumber business is practically suspended on account of no water in the Upper Cumberland river. The streams are clogged with logs.

Held for Murder.
CREECH, Ky., Feb. 22.—The grand jury of Harlan county held William Osborn for killing Joe Messer.

Death of Col. Fogle.
LEXINGTON, Ky., Feb. 21.—Col. John D. Fogle is dead from an overdose of morphine. He had not been in good health for several days, and it was said he was suffering from pain when he purchased a bottle of morphine and repaired to his room and unintentionally took 20 grains of the medicine. Col. Fogle had the reputation of being one of the brightest lawyers in the state.

Postmaster at Russellville, Ky.
WASHINGTON, Feb. 19.—The president Friday sent the nomination of Jacob B. Coffman, as postmaster at Russellville, Ky.

Lieut. Young's Recovery.
LEXINGTON, Ky., Feb. 18.—Dr. F. O. Young, a brother of Lieut. Lucien Young, of the United States navy, received a letter Thursday from the lieutenant, saying that he had recovered from the severe attack of appendicitis without an operation. He is in San Francisco.

Fear Smallpox.
PINEVILLE, Ky., Feb. 21.—Owing to fears of smallpox the city council has adopted an ordinance forbidding all assemblies on the streets or in public buildings or stores, and ordering the children to be kept at home.

LEITER'S TACTICS

Followed by a Louisville Man, Who Cleared One Hundred Thousand Dollars.
LOUISVILLE, Ky., Feb. 21.—William F. Norton, the millionaire owner of the Auditorium theater here, has been the biggest and most successful plunger in wheat this winter in Louisville, and one of the largest outside of Chicago. It is reliably stated that he has cleared \$100,000 on his operations. He began buying about the same time Leiter did, and though operating in a much more modest way, his investment has been very large.

Whenever the market got high he sold out, and when there came a reaction he went in heavily again. At the low point in January he bought a million bushels, which he has closed out at a profit of seven cents a bushel. Mr. Norton is worth \$2,000,000, but has not speculated much since the famous deal engineered by Harper, of Cincinnati. He went into that heavily, and did not give up until he had dropped \$75,000. Norton is eccentric as well as wealthy, and manages his theater under the name of Daniel Quilp.

FOR TARTIN.

The House Passes a Bill Governing the Maintenance of Courthouses in Second-Class Cities.
FRANKFORT, Ky., Feb. 19.—The Kentucky house unanimously passed a bill governing the maintenance of courthouses in second-class cities in Kentucky. This was drafted especially to fit the Covington case, in which councilmen were sent to jail at Independence, and gives the circuit judge absolute power.

One section reads:
"The judge of such court may purchase, in the manner he deems best, furniture or other things in his discretion necessary to carry out the provisions of Section 1 hereof, and the said judge, or of the court, allow and pay the claims so created, and the judge of such courts may cause to be rendered in the conduct of such courts such services or assistance as he may deem necessary; and the said judge, or of the court, allow and pay the claims so created."

Orders From Washington to Ft. Thomas.
FT. THOMAS, Ky., Feb. 19.—Telegrams have been flying fast to Col. Cochran, commanding the United States troops here, for the past 24 hours. It was stated Friday that they were from the war department, and related to the condition of the troops at the fort and of the readiness to move at short notice. It was reported also from the quartermaster's department at Washington that orders have been placed in the past two days for rations for 150,000 men for six months. The war excitement among the soldiers in the Ft. Thomas barracks is intense.

Indicted in a District.
LEXINGTON, Ky., Feb. 21.—The second indictment of the Commonwealth vs. the L. & N. railroad, under the long and short haul clause of the constitution, was tried here, resulting in a hung jury, nine to three for conviction. Judge Patterson instructed the jury as he did in the case now before the court of appeals, but the proof of a particular shipment of coal from Altamont to Louisville was not sufficient to satisfy all of the jury.

Smallpox at Artimus.
BARBOURVILLE, Ky., Feb. 22.—Doctors report one case of smallpox at Artimus coal mine, four miles south of here. The family moved there from Jellico, Tenn., last Friday. Smallpox was taken down with a bad case. The place is now quarantined against all persons who have smallpox.

Negroes Arrested and Released.
MIDDLESBORO, Ky., Feb. 21.—Seventeen Negroes were arrested Sunday afternoon for shooting craps by Officers Steele and Cecil. Owing to the danger of smallpox they were not placed in jail, but released on their own recognizance.

Jewelry Store Closed.
OWENSBORO, Ky., Feb. 18.—Elijah Steitler's jewelry store in Owensboro was closed Thursday by an attachment suit of the Hellebusch estate of Cincinnati. The attachment is for \$4,243.

Wealthy Farmer Dead.
RICHMOND, Ky., Feb. 18.—Benjamin L. Price, ex-confederate soldier and one of the wealthiest farmers in Madison county, died at his home near here Thursday.

W. H. Dorn Dead.
MIDDLESBORO, Ky., Feb. 19.—W. H. Dorn, one of the most widely known business men in Middlesboro, died Thursday night from heart disease.

Launching of the Kentucky.
LOUISVILLE, Ky., Feb. 22.—The Louisville board of trade has been officially advised that the battleship Kentucky will be launched Thursday, March 24.

Kentucky Fourth-Class Postmasters.
WASHINGTON, Feb. 19.—The following fourth-class postmasters were appointed for Kentucky Friday: Bryantsville—Benjamin G. Mullins; Clermont—Hiram Briston; Olaton, John F. Allen; Pilotask, James O. Bowling; Rockland, B. J. Stahl; South Elkhorn, Alexander Foley.

On Account of Smallpox.
LOUISVILLE, Ky., Feb. 19.—None of the federal prisoners from Southeastern Kentucky will be brought here for trial at the federal court of court Monday on account of the prevalence of smallpox in that district.

Well-Known Attorney Dying.
LEXINGTON, Ky., Feb. 19.—John D. Fogle, one of the best known attorneys in the state, was found dying in his room Friday morning. Thursday he was apparently in good health. When found he was breathing hard in a heavy stupor. Attending physicians think he can not live.

Paducah Still Dry.
PADUCAH, Ky., Feb. 21.—The water works plan is still out of repair. A large force of men is at work day and night trying to discover the whereabouts of the obstruction in the intake pipe.
Don't annoy your life by coughing and risk your life by neglecting a cold. One minute Cough cure cures coughs, colds, croup, grippe and all throat and lung troubles. Storms and Drug Store. 1m

Orders taken for all Foreign or Domestic Magazines or Newspapers.

FARM AND STOCK NOTES.

T. S. Elkin bought some butcher steff from various parties at 3c.

T. C. Galley sold Alce Walker 9 choice heifers at \$21.00 per head.

T. C. Galley sold to Gregg Bros. of Madison, 15 heifers at \$14.50 per head.

Every horse sale in the East shows an improvement over the prices of last year.

W. S. Benzley bought of Sam Embrey a nice bunch of shoats averaging 110 lbs at \$3.10.

E. L. Walker bought of Swinsbrood 30 head of forward yearling cattle at \$23.00 per head.

C. A. B. F. Robinson bought at Danville court Monday, 10 head of calves for F. Stone at \$21 per head.

R. F. Robinson shipped to Cincinnati a load of hogs that he bought at near Preachersville.

J. N. Denny bought of Woods & Lynn at Stanford court 25 head yearling calves at \$22.50 per head.

The Harrodsburg Democrat notes sales as follows: 7 head cattle at from \$2 to \$2.15 per hundred; 20 acres of land near Vanors toll Station for \$50; four head horses at an average of \$85.

Wheat prospects are not flattering in most sections and yet favorable weather during the remainder of this month and March may bring it out and make an average crop.

At the sale of J. B. Chumleys Wednesday, everything brought good prices. Cows from \$9 to \$30, horses from \$3 to \$50, pigs \$1.35 each and some brood sows from \$5.00 to \$6.00.

It is often better to sell hogs in small lots to butcher or shippers than to keep the entire lot until all are fully fattened; and in some cases this is true of cattle. Fully fattened animals are kept at a loss.

The Danville Advocate says Scott Hudson, who had such splendid success last year with his campaigning string of trotters, will go down the line this season with a strong string of campaigners. He will have three of his good ones of 1897—King Egbert 2:09.3-4, Eagle Finnegan 2:12.1-2, Melindwood 2:13.1-4, and a number of other good ones.

The price of lumber has taken a jump, and is the highest since 1892. An exchange says the scarcity of walnut and yellow pine, and the big export business, combine to cause the advance. The price on walnut timber especially is very high. As an indication of the state of the market, Col. Middleton, of Shelbyville, sold a walnut tree to the representative of a German firm for \$227.

The "high-stepping" horsemen have discovered a new wrinkle in teaching their horses extravagant knee action. Spectacles for horses have been patented by an inventor, and are being used with considerable success. Their objects is not so much to magnify object as to make the ground in front of the horse appear to be nearer to his head than it really is. The result is continued high stepping which, after a while, becomes natural.

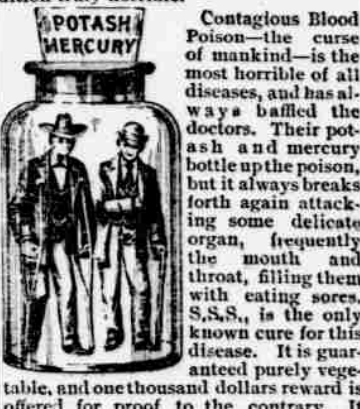

The Lebanon Enterprise says: With mules in good demand, horses increasing in price every day, all kinds of cattle selling unusually high, wheat at 95 cents, corn at 40 cents, shelled oats, 30 cents, sheaf oats \$2 per hundred, hay, timothy, 65 cents per hundred, clover, 55 cents, an open winter and good prospects for wheat, with the farmer well advanced with his work, there is certainly little to complain of at this time.

Danville Advocate—Magnolia Stock farm containing 377 acres, and belonging to J. W. Guest, was sold at auction today and bought by C. R. McDowell for \$23,261.67. Mr. McDowell represented Thomas McRoberts and R. G. Boyle. Anderson & Spillman this morning bought of George F. Anderson seventy-five acres of growing wheat at seventy-five cents per bushel, and of Len Hudson fifty acres at the same price. They also offered Allen Kenney 75 cents for his share in the Harmon & Kenney crop, but it was refused. This farm has over 500 acres in later Anderson & Spillman bought 175 acres from John Hugueley and 100 from Dave Logan, also at seventy-five cents.

The American (Kentucky) stock farm, in sizing up the recent Lexington horse sale says: "The recent sale footed up to \$105,000, and was considered the best held in Kentucky since 1892. Buyers seemed eager to get anything first-class, and the spirited bidding on the brood mares of J. B. McFerran, Jr., seemed like old times. The rise in values could not have been anticipated, although everything pointed to an ultimate shortage, which would in itself force prices upward. The remarkable part of the whole sale was that a purchaser was

Bottled Up!

Whether in the form of pill powder or liquid, the doctor's prescription for blood diseases is always the same—mercury or potash. These drugs bottle up the poison and dry it up in the system, but they also dry up the marrow in the bones at the same time. The suppleness and elasticity of the joints give way to a stiffness, the racking pains of rheumatism. The form gradually bends, the bones ache, while decrepitude and helplessness prematurely take possession of the body, and it is but a short step to a pair of crutches. Then comes the falling of the hair and decay of the bones, a condition truly horrible.

Contagious Blood Poison—the curse of mankind—is the most horrible of all diseases, and has always baffled the doctors. Their potash and mercury bottle up the poison, but it always breaks forth again attacking some delicate organ, frequently the mouth and throat, filling them with eating sores. S.S.S. is the only known cure for this disease. It is guaranteed purely vegetable, and one thousand dollars reward is offered for proof to the contrary. It never fails to cure Contagious Blood Poison, Scrofula, Eczema, Rheumatism, Cancer, or any other disease of the blood. If you have a blood disease, take a remedy which will not injure you. Beware of mercury, don't do violence to your system. Don't get bottled up!

Our books sent free to any address. Swift Specific Co., Atlanta, Ga.

PREACHERSVILLE.

G. A. Siler is in the mountains after more cattle.

Farmers of this section have their work well in hand.

Rev. Kykendall, of the Fork, was visiting here this week.

A. J. Thompson bought of Dick Robinson some shoats for \$16.

R. F. Walter, dentist, office over Ballou's grocery, Lancaster.

Mr. W. H. Cummins, who has been ill of pneumonia, is able to be out again.

Mr. J. C. Fox has returned from Atlanta where he has been to sell a lot of mules.

Aunt Jennie Naylor died at Mr. Dan Naylor's Sunday last. She was one of the oldest persons in this community. The funeral was preached by Bro. Mahoney.

Miss Allie White visited Miss Vessie Cummins Sunday. Mr. John Anderson is in Corbin on business. John Cummins. Mrs. Jas. King is some better but not yet able to be out. Miss Kate Payne has been visiting relatives in Junction City.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending Ochs' Minute Cough Cure as a preventive of pneumonia, consumption and other serious lung troubles that follow neglected colds. Storms' Drug Store. 1m

SWEENEY.

Quite a number of the young folks of this vicinity, enjoyed an excellent birthday supper given in honor of T. E. Dishon, at his home near Sweeney. All present report a delightful time.

Mrs. Robert Land, of Rowland, is visiting her daughter, Mrs. O. B. Perkins. Mr. Archie Gastott and wife, accompanied by Miss Alice Spawt, left for their home in Illinois, Saturday. Miss Alice, after an extended visit to relatives in Illinois, will return to her home near Sweeney.

This community was greatly shocked to learn of the death of Mrs. Thos. Edmiston, which occurred Sunday afternoon, about 2 o'clock. Deceased was 91 years of age, and a consistent member of the Baptist church. She was a good woman, and had many friends, for to know her was to love her. Her remains were laid to rest Monday afternoon in the Naylor graveyard, near Sweeney. We extend much sympathy to the bereaved family, who have the sweet consolation of knowing that—

"In this life's long night of sadness, He will give thee peace and gladness. Soul forget not in thy pain, Soul forget not all forever reign."

After days of untold suffering from piles, B. W. Pursell of Knottsville, Pa., was cured by using a single box of Dr. Witt's Witch Hazel Salve. Skin diseases such as eczema, rash, pimples and abutinate sores are readily cured by this famous remedy. Storms' Drug Store. 1m

A Kentuckian's Rheumatism!

Prominent Attorney Gives Praise for Relief.

It is not difficult to convince the people of Kentucky of the merits of a remedy when evidence is presented of what it has done right here at home—of cures made among the people we know. It is so easy to verify the statements made below that there is no need for the slightest doubt to remain. The evidence is conclusive and indisputable. Mr. E. K. S. Clinkenbeard is a prominent young attorney, residing at Mt. Sterling. He is also well known as a newspaper man of much ability and has many friends throughout the State. The following letter from him will prove of great interest:

"Two years ago I was a great sufferer from Rheumatism. I had tried every remedy I could hear of except S. S. S. I had been to Hot Springs, Ark., where I remained for twelve weeks under treatment, but I experienced no permanent relief, and returned home, believing that I would be a sufferer as long as I lived. At a time when my pains were almost unbearable, I chanced to read your advertisement and was entirely relieved of all pain and cured permanently. When I began to take S. S. S. I was unable to sit or stand with any ease, and could not sleep. Since taking the last dose I have had no return of the Rheumatism, and I take great pleasure in recommending S. S. S. to any one who has the misfortune to suffer with Rheumatism."

There are thousands of sufferers from Rheumatism in Kentucky to-day who, like Mr. Clinkenbeard, have vainly sought relief, and as long as they continue to experiment with various so-called rheu-

matic cures, they do so at the expense of their health, for the disease is getting a firmer hold on them all the while. It is foolish to expect liniments or lotions to do any good, for the disease is in the blood, and, of course, can not be reached by local applications. Swift's Specific (S. S. S.) has made some remarkable cures of Rheumatism. It is the best blood
